Considering how many times this Judge has to ask who is on the call it seems to me she is intoxicated. I was willing to wake up at 3:30 am est to take a call...She still denies me an emergency plan incase the Father falls incapacitated during the Pandemic and then insinuates someone should be making accusations against my daughters? I have and never will blamed my daughters for these sloppy adult public servants horsecrap. The county removed them in a 4th amendment violation I recorded on 7/25/18 where they denied my daughter medical attention. I have a clean criminal history. She insinuates my daughters have done something wrong....when SHE THE JUDGE IS NO DIFFERENT THEN JEFFREY EPSTIEN AT THIS TIME, I DOCUMENT EVERYTHING. They have no other relative in Australia. REMOVE THIS JUDGE! She makes \$160 K a year and is destroying children's lives. She has never allowed me to speak without retaliation. Ruhlman has also been busted for having her Secretary

Mid Week  
Online -...

babysit her children on taxpayer money...she then admitted she didn't understand the law. This case is further proof she NEEDS to be removed from making decisions on children's fates. My kids are in a hotel above an adult toy store next to three strip clubs for God's sake. Remind you of Jeffrey Epstein? What kind of Mum would I be if I wasn't very concerned. Imagine not knowing if your two kids were alive during a pandemic? Every 24 hours is living hell. I wish to note the children's attorney states that the girls were doing well in school in a past court date, he lied, one of them did horrible, I have the report cards to prove this. My daughter also told me that she is having awful anxiety attacks and feels guilt. This is because of what these grown adults forced her to do to get to Australia. Also, we as parents are supposed to warn our kids about the dangers of sex trafficking, especially when some slob pretending to represent children allows them to move from a safe home to a city above an adult toy store where they live in a hotel next to a line of strip clubs. I was sane enough to raise them when the Father abandoned Joint Custody with a Supreme Court Divorce Decree stating neither party was allowed to move outside of Monroe County, NY. I have a clean criminal history. Clean driving record...own my condo outright. I had zero debt when this county ran this con job. I also had a full time job. With over 30 court dates since 7/25/2018 I have lost TWO fulltime positions due to the court dates. What the holy heck is going on in this country? Preexisting events were NEVER proven! I was denied a trial and retaliated against. If there were no communication restrictions, I would not have these trafficking concerns. What the hell are we paying these idiots for? Note that Father failed to appear at past court date that is recorded and shows up late for this one. Thanks Harris Corporation....the invisible consequences of Globalization include trafficking! If I have to work online as a model rather than be allowed to maintain fulltime employment this County is guilty of sex trafficking. Hopefully my daughters have not been touched, but all three of our educations were targeted. My employment potential was targeted and this sloppy Judge has them living in a hotel....in the sex district of Fortitude Valley. Alex Korotkin should lose his license to practice and be incarcerated with all of these fraudulent law
