Clearly states no child abuse suspected. This proves the entire situation was a 4th amendment violation and that my original Supreme Court Divorce Decree stating neither party was allowed to move outside of Monroe County, NY should be in place. Why is the Father allowed to move kids to Australia when they have no other relative there yet I am still not allowed to move outside of Monroe County, NY without losing all rights to my kids? Remove Judge Dandra Ruhlman from the lives of the children in this county. Charge her with the endangerment of the welfare of my children. There is no emergency plan or contact in place if Father falls incapacitated during a Pandemic. That IS ENDANGERMENT OF THE WELFARE OF CHILDREN!
